When: October 26, 2016

Where: College of Charleston, Stern Student Center, 71 George St, Charleston, SC 29424

Time: 8:30am – 4:30pm.

BEC Charleston Fall Symposium: Building Science 201 Part Deux with John Straube

We invite you to be a Guest Sponsor of BEC-Charleston during this full-day presentation by John Straube, Ph.D., P.Eng., Mr. Straube is Principal, Senior Building Science Specialist at RDH Building Science Laboratories. (please see announcement http://bec-charleston.org/pastEvents/2016/oct/2016_october_event.html)

What is it?

John Straube returns to Charleston for an all-day symposium on several advanced topics for building enclosures in our hot-humid climate. He will continue the discussion from last year about new construction and renovation from a building science perspective based on real world examples, code considerations, and practical solutions. Consideration will be given to areas of specific local concern, such as historic buildings, hurricanes, and seismic-resistant construction.

Audience

BEC-Charleston will have a multitude of building related professionals, including builders, owners, facility managers, architects, engineers, suppliers, developers and agency personal, just to name just a few.

Sponsorship Opportunity

The Building Enclosure Council - Charleston will award the following Guest Sponsorship opportunity for this full-day event.

Overall event sponsor

\$500

- Guest Sponsor logo will appear on Event literature and signage
- Guest Sponsor will be provided a 6 foot table for materials.
- Guest Sponsor logo, web address, and contact information will be played during lunch in a slide show
- Guest Sponsor will be given 2-3 min. to speak about company/products at an assigned time.
- Two complimentary registrations to attend Event
